

Shawn Roller

Software Developer

About me

Hi, my name is Shawn. I'm a full-stack software developer, leader, and manager with over 10 years of experience. I'm passionate about technology and writing software - deploying something great is the best feeling in the world! I have broad experience with the full SDLC, thrive in a startup environment, and have a passion for writing functional, testable, maintainable code.

I began learning iOS development with Obj-C in 2013 in my free time and fell in love with mobile development.

Skills

SQL

Objective-C

Swift

Node.js

React Native

TypeScript

JavaScript

Experience

Software Engineering Manager

TechStyle, Inc.

since May 2018

Managing a small team of Senior Engineers while being the solo developer of the mobile applications. As part of the company-wide architecture group, I help make technology decisions and assess new platforms and techniques. Introduced microservices to split up a monolithic application. Introduced Docker to containerize apps. Full-stack development including MS SQL, Node.js, Swift, Objective-C, React Native.

Mobile Software Engineer

TechStyle, Inc.

March 2017 - May 2018

Lead developer for internal mobile applications. Introduced Swift and React Native into legacy Objective-C applications. Full-stack development - MS SQL, Node.js, Swift, Objective-C, React Native.

Senior Data Analyst

TechStyle, Inc.

April 2015 - February 2017

As a Data Analyst, I was the primary resource for all data related to global fulfillment centers. Supported the business with data to drive operational optimizations. Key role in building a labor management system to automate decisions that typically require human management.

Data Analyst

JustFab

February 2013 - March 2015

As a Data Analyst for a fashion startup, I was exposed to many parts of the business. I worked closely with accounting to create critical financial reports, identified and fixed bugs, and supported the business with the data needed to drive efficiencies at the fulfillment centers.

<> Projects

NShape

iOS

A fitness app that intelligently builds a workout based on your goals and time available.

NShape Sets

iOS and watchOS

An exercise app that helps you track sets during a workout. In development...
