SHAWN ROLLER

SOFTWARE DEVELOPER

EXPERIENCE

Software Engineering Manager - TechStyle, Inc.
since May 2018

Managing a small team of Senior Engineers while being the solo developer of the mobile applications. As part of the company-wide architecture group, I help make technology decisions and assess new platforms and techniques. Introduced microservices to split up a monolithic application. Introduced Docker to containerize apps. Full-stack development including MS SQL, Node.js, Swift, Objective-C, React Native.

Mobile Software Engineer - TechStyle, Inc.
March 2017 - May 2018

Lead developer for internal mobile applications. Introduced Swift and React Native into legacy Objective-C applications. Full-stack development - MS SQL, Node.js, Swift, Objective-C, React Native.

Senior Data Analyst - TechStyle, Inc.
April 2015 - February 2017

As a Data Analyst, I was the primary resource for all data related to global fulfillment centers. Supported the business with data to drive operational optimizations. Key role in building a labor management system to automate decisions that typically require human management.

Data Analyst - JustFab
February 2013 - March 2015

As a Data Analyst for a fashion startup, I was exposed to many parts of the business. I worked closely with accounting to create critical financial reports, identified and fixed bugs, and supported the business with the data needed to drive efficiencies at the fulfillment centers.
